

INTERNATIONAL RIDING CAMP

COVID ACKNOWLEDGEMENT FORM

While we wish that we could control every possible risk, and while we will use our best efforts to keep your child safe from communicable diseases, including the COVID 19 virus, we want to make clear that even if we follow all CDC and local guidelines we cannot promise or guarantee that this or any other pathogen will not enter camp, and that by the very nature of the personal interaction that takes place in the camp environment, there is always a risk of your child becoming ill with this or any other communicable disease. We want you to be fully aware of this risk in making the decision to send your child to camp this summer, and that you are willing to assume and accept it on your child's behalf. We strongly advise that upon your child's return they not be exposed to anyone defined as vulnerable or at-risk by federal and state health officials unless they have tested negative or been symptom free for fourteen days or whatever timeframe is recommended by your health care provider.
